MEMORANDUM FOR CHIEF OPERATING OFFICER  
OFFICE OF SCIENCE

FROM: RICHARD H. HOPF, DIRECTOR   
OFFICE OF PROCUREMENT AND ASSISTANCE  
MANAGEMENT, OMBE

SUBJECT: **DELEGATION OF AUTHORITY/DESIGNATION HEAD  
OF CONTRACTING AUTHORITY (HCA)**

This memorandum transmits to you the Head of Contracting Activity (HCA) delegation for all contract activity performed at DOE site offices reporting to the Office of Science (SC) which currently includes the Chicago and Oak Ridge Offices and nine National Laboratory Site Offices. This delegation is in support of the OneSC restructuring approved by the Secretary of Energy on January 5, 2004. The specific HCA authorities delegated to you are set out in the attachment to this memorandum. Your HCA authority is limited to the express authorities set out in the attachment.

As the single HCA for SC, you will have the overall responsibility and accountability for SC contract management and be the primary focal point through which contract related communication and direction will be transmitted. For planning purposes, the reorganization of the SC procurement function has been identified as a critical management improvement initiative in accordance with DOE Notice 125.1. The Office of Contract Administration (ME-622) will track the implementation of your action plan (HCA for the Restructured Office of Science dated March 15, 2004) and conduct an assessment in FY2006. Special emphasis will be placed on the following critical outcomes:

1. Achievement of clarity in the roles, responsibilities, authorities and accountabilities between Chicago and Oak Ridge Offices, Site Office Managers and the Headquarters HCA.
2. Clear delineation of duties and responsibilities between the new role of the Site Office Manager as Administrative Contracting Officer and the on-site level III acquisition professional.
3. Achievement of a common set of business practices related to acquisition, financial assistance, sales and personal property management.
4. Implementation of Contract Management Planning with an emphasis on teaming and life cycle planning.

Regarding the immediate need to ensure that procurement authority is appropriately delegated, please be advised that: (1) existing Contracting Officer warrants issued and signed by previous HCA(s) need to be reissued, (2) Contracting Officer warrants issued by Procurement Directors remain in full force and effect provided the Procurement Directors continue to have the authority to issue such warrants, (3) Any new ACO and on-site Level III acquisition professionals may be warranted directly by the HCA or the appropriate Procurement Director provided that the HCA

redelegates such authority to the Procurement Director, and (4) to the extent that any Contracting Officer warrants exist that reference outdated organizations or issued by personnel that are no longer part of the new organization, these warrants should be reissued.

Existing HCA delegations to the Chicago and Oak Ridge Managers will be rescinded by separate memorandums simultaneously with the issuance of this delegation of HCA authority.

We will begin arranging the series of topical discussions beginning in early May and look forward to working with you and your staff as you roll out the new OneSC structure. If you have any questions regarding this matter, please contact Ms. Irma Brown, of my staff, at (202) 586-8455.
